Much colder air overspread the region Thursday into Friday morning causing snowshowers and flurries. Some heavier snow showers occurred early Friday morning. With temperatures in the low to mid 20s by Friday morning these heavier snowshowers covered all pavement surfaces. These heavier showers were primarily south of I-88. Meteorologist: Tom Piazza, CCM

All details contained herein are made subject to the inherent limitations of the science of Meteorology. The data is based upon reports received from the National Weather Service and Cooperative Observers. Start and Stop times are taken from the nearest National Weather Service Observation Reporting Station. The data has been evaluated by our staff of professional meteorologists and determined to be accurate and representative of these locations. We do reserve the right to make changes to this report upon receipt of further meteorological data if we deem it necessary.
